## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Consider claims 1,6. The nearest prior art as shown in Kaoru and Koichi and Yamaha fails to teach a vehicular communication apparatus comprising: at least one helmet worn by an operator of a vehicle, said at least one helmet incorporated with a speaker and a microphone mounted thereon, and further including a helmet side infrared transmitter/receiver disposed in a cabinet extending forwardly from a jaw portion of the helmet and connected to the speaker and the microphone; a vehicle body provided with a vehicle body side transmitter/receiver for carrying out infrared communication with the helmet side infrared transmitter/receiver; wireless communication means arranged with communication operating means separately from the wireless communication means in at a position operably accessible to the operator during operation of the vehicle; and the vehicle body side infrared transmitter/receiver being disposed on a rear surface of a handlebar adjacent to the grip so that signals emitting from/to the transmitter/receiver pass directly over a shoulder of the operator of the vehicle to/from a jaw portion of a helmet of a rear passenger of the vehicle.

Consider claim 11, The nearest prior art as shown in Kaoru and Yamaha and Hodson fails to teach a vehicular communication apparatus, comprising: a helmet worn by a passenger of a handlebar type small-sized vehicle, said helmet incorporated with a speaker and a microphone and mounted with a helmet side infrared ray transmitter/receiver disposed in a cabinet extending forwardly from a jaw portion of the helmet and connected to the speaker and the microphone; a vehicle body is arranged

Application/Control Number: 09/471,189

Art Unit: 2684

with a vehicle body side infrared transmitter/receiver for carrying out infrared ray communication with the helmet side infrared ray transmitter/receiver and a cabinet having a shape that is rectangular disposed along a section of a rear surface of a handlebar adjacent to a grip, the cabinet housing the vehicle body side transmitter/receiver, a light emitting element, a light receiving element, a visual display, and communication operating means, the light emitting element and the light receiving element being disposed above the visual display on a rear face of the cabinet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip J. Sobutka whose telephone number is 703-305-4825, after March 2005 the number will change to (571) 272-7887. The examiner can normally be reached on Monday-Friday 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nay Maung can be reached on 703-308-7745, the fax phone numbers for the organization where this application or proceeding is assigned are 703-872-9314 for regular communications and 703-872-9314 for After Final communications.
